

# **STREET FRONTAGE & BIKE PATH IMPROVEMENTS**

**Port of Melbourne Corporation (PoMC) is currently widening and upgrading the existing street frontage at 111-133 Whitehall St, Yarraville.**

**These works will improve facilities for port tenants and improve community amenity along the street frontage.**

## **Works will include:**

- **Demolition of current fence, path and several driveways**
- **Construction of a new fence along the length of the property**
- **Relocation of existing water meters, hydrants and a fire service inside the new fence line**
- **Landscaping works in the widened frontage**
- **Improvement and widening of bicycle path.**

**Upgrade works are scheduled for completion in June 2008.**
