

Webb Dock Works **Advisory Notice**

Key Works at Webb Dock

MONDAY 8 AUGUST TO SUNDAY 14 AUGUST 2016

Road and other service works

Improvement works to Webb Dock Drive (formerly Williamstown Road) and Empress Road on the port side of the noise wall are continuing. Webb Dock Drive west of Empress Road will be narrowed and provide for westbound traffic movement only. Concrete barriers will protect the work sites on each side of this section of Webb Dock Drive. Vehicles exiting Toll Logistics and Toll Shipping sites via Williamstown Rd gates will need to enter and traverse the TALA site from where they will be able to turn right into Kooronga Way and leave the Webb Dock precinct. Some out of hours works, compliant with EPA noise guidelines, are scheduled to take place on Saturday night along Webb Dock Drive. The southern end of Empress Rd has reconfigured linemarking and signage - please comply with all speed limits and give way signs.

Landscaping works

Landscaping works along the south end of Webb Dock West are continuing and are expected to be completed mid-August.

Maritime Construction

Wharf construction activities are progressing well at Webb Dock West along with project dredging works. Please keep clear of the dredger and its barges. Wharf rehabilitation works continue at Webb Dock East. Out of hours works compliant with EPA noise guidelines are taking place each night between 6pm and 7am and on Sundays between 7am and 6pm.

Terminal works

Out of hours works, compliant with EPA noise guidelines are scheduled each Saturday and Sunday from 7am to 6pm for pavement, wharf and terminal works and Monday to Sunday 6pm to 7am for wharf works and line marking.

Maritime Cove

Works continue in Maritime Cove to construct new car parks along the northern edge of the driveway including landscaping adjacent to the noise walls. Works are scheduled to be completed by mid-August. The south western end of Webb Trail, west of the observation platform, is temporarily closed to enable path resurfacing works as well as the installation of a new seat and bin. Access to the observation platform will not be impacted.

Works at the new *Playscape* play area will commence towards the end of August. Over coming weeks the contractor will set up fencing in the western end of the reserve for its site compound, and relocate the exercise equipment to the area behind the beach shower. The exercise equipment will not be available for about two weeks while this is completed. Access to the boardwalks and Webb Trail will be maintained.

Information Line

Please note the project information line is now operating during normal business hours only i.e. Mon to Fri 8:30am to 5:30pm. This reflects the completion of the majority of works that may have an impact on residents, businesses and drivers. Project information line: 1800 451 056. From today also, this works notice will be distributed on a fortnightly basis.
